## Reminders

This is a reminder about the importance of clocking in and out, and how/when to submit timesheets.

In order to process payroll and bill our clients, clocking in and out on the mobile WellSky app is critical. If that does not work for any reason, you are welcome to call the Telephony number from the client's phone at 844.469.6760. If you call from your personal number, it will not be recognized.

Understandably, sometimes clients may not be open to having you call from their phone. In those cases, you must complete a timesheet and send it within 24 hours. Without the timesheet, you run the risk of not being paid for your time. You can text or email those to Vincent. He will also be the main person reaching out, please make it a priority to get those back within 24 hours. Timesheets are now available electronically.

If any additional training or support is needed, please do not hesitate to reach out.

You can contact Vincent via email at [vdang@carepartners.us](mailto:vdang@carepartners.us) or call/text at 949.647.5743.

## Lemon & Olive Oil Cake Recipe

### INGREDIENTS

- 1½ cups extra-virgin olive oil, plus more for pan
- 3 large eggs
- 1¼ cups (250 g) plus 1 Tbsp. granulated sugar
- 1¼ cups whole milk
- 2 tsp. vanilla extract
- Zest and juice of 2 lemons; plus more zest for serving (optional)
- 2 cups (250 g) all-purpose flour
- 1 tsp. Diamond Crystal or ½ tsp. Morton kosher salt
- ½ tsp. baking powder
- ½ tsp. baking soda
- Powdered sugar (for serving)

### Step 1

Preheat the oven to 350°. Lightly oil the pan with a pastry brush. Line the bottom with parchment paper round and brush the parchment with oil. Whisk eggs, 1½ cups oil, and 1¼ cups sugar in a medium bowl until smooth. Add milk, vanilla, and zest and juice of 2 lemons and whisk to combine.

### Step 2

Whisk flour, salt, baking powder, and baking soda in a large bowl to combine. Make a well in the center and gradually pour the egg mixture into the well. Whisk, using circular motions to slowly incorporate egg mixture, until batter is mostly smooth (some lumps are okay). Scrape batter into prepared pan and smooth surface. Sprinkle the remaining 1 Tbsp. sugar over.

### Step 3

Bake cake until the top is golden brown and a tester inserted into the center comes out clean, about 50 minutes. Transfer the pan to a wire rack and let the cake cool before unmolding.

### Step 4

Just before serving, dust cake with powdered sugar and top with more lemon zest if you have it.
